

IWBF Procedure for Requesting a Review Of Classification

for players with an International Classification,
who do no longer play on the National Team,
but compete in the Euroleague/Eurocup

October 2015

The “Request for Review” must be received by the **Secretary General of IWBF Maureen Orchard** (iwbfsecretariat@shaw.ca) at least **one month prior** to the start of a tournament at which the player will be playing. The request must include clear rationale for the review of the player’s classification.

Send to IWBF Secretary General:

- Request for Review written by the club team management, but forwarded to the IWBF by the NOWB. Explain why the classification should be changed.
- Confirmation letter from the NOWB stating the player is not a member of the national team any more and needs to be observed at the Euroleague/Eurocup tournaments.

If the request is approved the Secretary General of IWBF will provide the information to the Secretary General of the Zone Europe Frits de Jong (office@iwbf-europe.org).

The fee of 50 US\$ must accompany the notice of request and will be returned if the request is successful. Payment details can be found in IWBF Regulation Section P: http://iwbf.org/images/a_misc/2014_P_Schedule_of_Fines.pdf

The player will commence playing the tournaments with their existing IWBF classification. At least two classifiers have to agree on the classification of the player. Typically there is only one classifier attending the Euroleague/Eurocup tournaments. Therefore the player might have to attend up to three Euroleague/Eurocup tournaments, before the final decision is made.

If the player under review by his own team does not play a sufficient amount of time during the tournament for a decision to be made the player’s original classification shall stand and the fee shall be not be refunded.
